

NO CHILD LEFT BEHIND

Parent Advisory Council

LOCKE SCHOOL PARENTS AND LEGAL GUARDIANS:

The purpose of No Child Left Behind is to make available to the parents and legal guardians of Locke School students information on family literacy, parenting skills and other training opportunities. To empower them with the tools so that they can become an more active partner in their child's education.

The No Child Left Behind Parent Advisory Council (PAC) of Locke School would like to hear from YOU - your opinions matter, your concerns matter - you have a voice!

The NCLB is federally funded and monies are available for the use of teaching Locke School parents/legal guardians skills, therefore, what would interest you? Computer classes? GED Training? ESL Classes? (English Second Language) Self Defense Classes?

Are you concerned with helping your child for the 2010 ISAT Tests? Or are you not too sure what the heck all that mish-mosh means on your child's IEP? We can help.

We are a Community. The differences in our race, political views, or country of origin do not matter because all of us can benefit from this information.

KNOWLEDGE IS POWER!
